

CONCORD SCHOOL POLICY

PRIVACY

The Department of Education and Training has developed a new Schools' Privacy Policy and related documents for all Victorian government schools to implement.

All schools must use the same policy on the Department's website . There is no scope to localise this so there is no template - schools simply need to link to the Department site 'Schools' Privacy Policy at <http://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx>.
